## Assignment 10

- Create a new Test case – ValidateCredentialsTest - in the PageObjectModelling program being done in the class. Enter Username and Password on the Login Page and validate if a user is able to Login into the application or not?
- Go to <http://barnesandnoble.com>, keep the pointer over 'Books', in the sub menu click 'Biography' as shown below-

When the page corresponding to biography opens verify whether the text 'Bestsellers' and 'Biography' are there or not as shown: -
